

THE SCIENCE BEHIND EQUISCOPE

1991 Nobel Prize in Physiology/Medicine: Single Ion Channels in Cells.

- **Dr. Erwin Meher and Dr. Bert Sakmann:**
Patch Clamp Technique, which allows the detection of electrical currents of a trillionth (pico) of an ampere in the membrane.

2002 Elsevier:

Pilot study of Impedance-Controlled Microcurrent Therapy for managing radiation-induced fibrosis in head and neck cancer patients.

- 92% of patients exhibited improved cervical rotation.
- 85% of patients experienced improved cervical extension/flexion.
- 81% of patients demonstrated improved cervical lateral flexion.

2005 Harvard Society for the Advancement of Orthodontics:

Pain relief utilizing microcurrent therapy (for TMD, TMJ, bruxing and neuromuscular pain).

- 92% of patients experienced reduction in pain after the first 1-hour session.
- Other findings - increased ROM of arms, shoulders, neck and mandible.
- Reduction/elimination of bruxing/TMJ.

Regulatory Notice:

This information is not intended to diagnose, treat, cure, or prevent any disease or health condition, and no claims are made about the effectiveness of devices featured. This material has not been evaluated by the FDA or AMA. Federal law requires Class II devices to be sold by or on the order of a licensed healthcare practitioner, and a prescription is required for non-practitioners. Intelligent Bioenergetics recommends using the Equiscope under the supervision of a licensed healthcare provider or veterinarian. Please consult a qualified healthcare professional for any health concerns.

TRUSTED BY PRACTITIONERS

Equiscope® delivers accurate and instantaneous bioimpedance readings and delivers the precise dose needed to overcome impedance, reduce pain and accelerate recovery—making it the premier choice for horse and rider and all in need of therapeutically effective technology. Registered as a Class II medical device, the Equiscope® satisfies the highest standards of safety and utility in its wide range of applications.

EQUISCOPE®

SUCCESS STORIES

Chosen by athletes for peak performance.

-Lauren Fendrick, Olympic Volleyball Player

FOR THOSE WHO DEMAND THE BEST

Intelligent Bioenergetics®

TRANSFORMATIVE TECHNOLOGY | SUPERIOR RESULTS

- John Thorp - Sanoviv Medical Institute

PAIN FREE ELECTRICALLY

RAPID RESULTS

EXPERTS AGREE

LIFE BEGINS WHEN PAIN ENDS.

Equiscope® scans the body and through instantaneous biofeedback adjusts output in milliseconds—delivering the precise dose needed to overcome pain associated with nervous or connective tissue damage.

Small plates or probes are placed on the skin's surface with conductive electrolyte comfortably supporting the body at the cellular level.

BRAIN | REST

Calming
Stress Reducing

PAIN | SPORTS INJURIES

Reduces Pain
Hastens Natural Repair

CHRONIC PAIN

Reduces Pain
Supports Pain Management

WELLNESS | NORMAL METABOLISM

Stimulates Circulation
Supports Normal Cellular Metabolism and Waste Disposal

BEAUTY

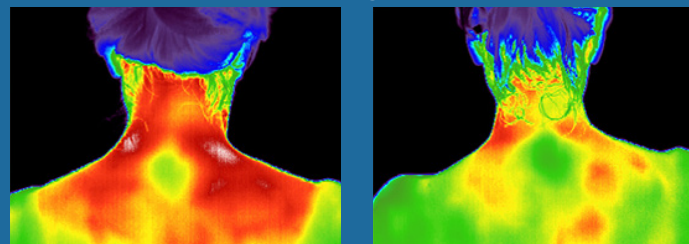

Enhances Appearance
Beautifies and Tones the Skin

Equiscope® offers results rapidly with minimal to no side effects. Most report a calming effect or even deeper sleep following treatment, making it ideal for pre- or post-performance conditioning and recovery from injury, surgery or illness.

Results may be achieved in one to three visits. Six to twelve visits or more are recommended for additional support and peak performance. Sessions range from 30-90 minutes.

Thermal images showing decreased inflammation after one 30-minute session.

EQUISCOPE® IS THE ANSWER FOR PAIN

"After my first treatment, I was amazed—the pain in my knee was gone."

-Daniel Amen, MD, Brain Health Specialist

"The Equiscope® has proven its utility by removing inflammation, the root cause of all disease. I highly recommend it."

-Stephen Sinatra, MD, Cardiologist

"After my ACL injury, I was game ready in half the time thanks to this technology."

-Darren Sproles, Philadelphia Eagles

"I'm faster and better than ever!"

- Branden Oliver, Los Angeles Chargers

"John Thorp's device played a crucial role in our victories at the Kentucky Derby and the Preakness Stakes with 'I'll Have Another.'"

-Doug O'Neill, Thoroughbred Horse Trainer

"Equiscope® helped me so much with my knee and healing faster before and after pregnancy, which allowed me to be a better volleyball player and mom."

-Lauren Fendrick, Olympic Volleyball Player
